

Strategic Plan

2024 - 2028

The British Toxicology Society (BTS) is a society for all fields of professional toxicologists and all those with an interest in toxicology.

Our Mission

To provide the principal forum for toxicology in the UK, to support and enrich the careers of toxicologists, and to promote the importance and advancement of toxicology in the wider scientific and lay communities.

Our Vision

Drive excellence in toxicology

Our Commitment

The British Toxicology Society (BTS) is an engaging, vibrant, diverse and inclusive society representing the voice of toxicology in the UK.

Find our website here

Inclusive

- **Facilitating** and **nurturing** a culture that promotes and celebrates equality, diversity and inclusion; removing barriers to participation and success.
- **Providing** opportunities to engage with those with an interest in the discipline.
- **Engaging** with our early career toxicologists through the development of the Network for Early-Stage Toxicologists (NEST).

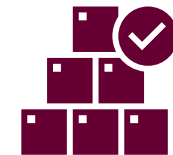

Access to Network for Early-Stage Toxicologists (NEST)

Travel bursaries, awards & prizes at all levels

Opportunities to volunteer and contribute open to all members

Access to Speciality Sections open to all

Collaborative

- **Disseminating** world-class toxicology and emerging fields of scientific interest to our members and the wider scientific communities.
- **Partnering** with interested parties across Industry, Academia, Regulatory, Governmental and Scientific disciplines to support our education and training programmes, and activities.
- **Bridging** the integration of cutting-edge science and regulation/policy across sectors.
- **Delivering** authoritative statements and accessible advice to Industry, Academia, Regulatory, Government Agencies and the Public.

Society's Annual Congress, workshops,
webinars and Public Statements

Networking and partnerships

Community of experts
across all sectors

Toxicology Research Journal

We will aim to recognise and support the contributions made by our members to the society by:

Inspirational

- **Awarding** and **celebrating** achievements and contributions.
- **Implementing** and **encouraging** new initiatives to develop the next generation of toxicologists to fulfil the needs of the future.
- **Enhancing** the profile of UK toxicology on the international stage.

Support and enrich the education and training needs in toxicology at all career levels
